

Hello!

WOW Your Way to New Clients

with Ruby® Receptionists

When you're growing your firm, every call counts, and you don't get a second chance to make a good first impression. How many clients have you lost to voicemail?

Our friendly, live receptionists and proprietary technology make Ruby your solution to delivering excellent client experiences. Customized to fit the unique needs of your practice, you're free to focus while we WOW your callers into clients.

- ➔ **Win Business, one answered call at a time.** We answer and transfer calls, take messages, collect intake, make outgoing calls for you, and more—impressing callers and giving you peace of mind!
- ➔ **Stay Connected.** Our mobile app empowers you to route calls, access call details, and adjust your call-handling—from wherever you are!
- ➔ **Save Money.** With the power of the front desk in your pocket, all you need to run your practice is Ruby and a cell phone.

Personalized for your practice. Integrated into your day.

Synced with the technology you use every day, the Ruby Mobile App empowers you to...

- ➔ Align receptionists with your calendar to ensure a VIP experience for your callers.
- ➔ Change your call-handling and routing instructions with the tap of your finger.
- ➔ Keep track of call activity and messages, so you don't miss a beat!
- ➔ Choose to use your own personal or business caller ID with every outbound call.
- ➔ And so much more!

"Ruby has helped evolve my law practice. Instead of worrying about being out of the office, and making sure I don't miss a call, I know Ruby will forward new clients to my cell, while current clients leave a message. With a laptop, an iPhone, and a few files, it's a mobile practice—I love it!"
