

Candidate Statement

It has been my honor and privilege to serve as Treasurer of the DC Bar this past year. I hope to leverage that valuable experience and the knowledge that I gained of the Bar's operations, services, and governance, to continue to serve the DC legal community on the Board of Governors. The pandemic caused lasting changes to practice of law and to community member's experiences with legal systems. It is critical that the Bar continue to lead the nation in demonstrating flexibility, creativity, and responsiveness to members and the public alike. Gaps persist in access to justice, equity, wellness, and more, and I am committed to rolling up my sleeves alongside Bar leadership and members to work towards continuous improvement for the legal community and clients we serve.
