

**Statement of Charles Zdebski**  
**Candidate for Steering Committee**  
**Environment, Energy, & Natural Resources Law Community**

It is a pivotal moment for energy issues and the underlying legal and regulatory framework. They are at the forefront of so much that is critical to our country, society and economy. As a D.C. lawyer with decades of experience in these matters, and with a passion for discussing, working on and developing solutions for the best way forward for both our energy needs and our environment, I would like to be a part of developing the programs and conversations we need to have for our profession and for the industry to succeed at the challenges we face. I ask for your vote, please, to serve our community as a member of the D.C. Bar's EENR Steering Committee.

Thank you,

Charlie Zdebski
