

Statement of Stephan Schlegelmilch
Candidate for Steering Committee
Corporation, Finance & Securities Law Community

I am deeply honored to be a candidate to serve as a member of the Steering Committee for the Corporation, Finance and Securities Law Community. I have been a practicing attorney for 25 years and an active member of the DC Bar since 2008. I served for over nine years as a trial attorney and supervisor in the SEC's Home Office Trial Unit (2012 to 2021), and most of my career has been focused on securities litigation and securities enforcement. I truly love the subject matter, and I am deeply committed to training a new generation of securities lawyers. If chosen, I am committed to getting to work and making the Community better and more useful for its members.
