

Statement of Roland Carvalho
Candidate for Steering Committee
Early Career Lawyers Community

ECLC Members,

I am writing to seek your support so that I may serve on the Early Career Lawyers Community (ECLC) Steering Committee. If elected, I plan on working to make ECLC programming more accessible by increasing its visibility and offering more opportunities to connect within the broader DC legal community.

In my prior roles, I have spearheaded the creation of attorney mentorship programs, planned and coordinated large professional social events and both planned and presented numerous webinars. My experiences give me a unique perspective which, if elected, would enable me to help the ECLC better serve its members.

I consider the opportunity to give back to the DC legal community a privilege and would be honored to serve on the ECLC steering committee.

Thank you for your consideration,

Roland Carvalho
