

Candidate Statement

As Treasurer, my goal would be simple: competently oversee the finances and spending of the D.C. Bar to ensure integrity, fairness, and nonpartisanship.

I have no other agenda but to ensure that the finances of this Bar are properly and conservatively spent to the *collective* benefit of its members and constituents, for this Bar's tens of thousands of members have unique and equally important worldviews, viewpoints, and perspectives.

Although I am a young attorney, I have been able to obtain valuable experience in organizational development that will enable me to serve the D.C. Bar well as Treasurer. My youth allows me to understand the financial considerations of this Bar's younger members while continuing the legacy of so many qualified and experienced attorneys who previously served to help make this Bar the respectable institution it is today.

Thank you for your vote, and I look forward to serving this Bar.
