

Statement of Tiffany Joseph Goodson
Candidate for Steering Committee
Labor and Employment Law Community

I am the Managing Partner of HKM Employment Attorneys LLP in DC, leading offices in DC, Maryland and Virginia. I am a board member of First Shift Justice Project, and a member of the Bench Bar Committee of the Metropolitan Washington Employment Lawyers Association. In addition to my commitment to justice and equity, I bring with me over 20 years of experience in civil litigation, including employment law. In a time when the rule of law faces unprecedented challenges and the rights of workers are increasingly under attack, it is more important than ever for legal professionals to unite, educate, and lead. I am deeply committed to advancing professional development, diversity, and access through thoughtful programming, outreach, and collaboration. I would be honored to work with the DC Bar to empower our community and respond to today's urgent legal and societal issues, and I respectfully ask for your vote.
